LETTER OF RECOMMENDATION FOR MR. RAJ ANILBHAI PAWAR

Dear Admission Team,

Greetings From XCELLENCE-IT,

It gives me great pleasure to speak about the potential of Mr. Raj Anilbhai Pawar for the master's program at your university. He is working in XCELLENCE-IT from 3rd January 2019 till date. In my capacity as a CEO of XCELLENCE-IT my observations of Mr. Raj have come through my close interaction with him for over 1.5 years.

Raj joined Xcellence-IT when he was in his 7th semester as a trainee. I have seen him demonstrate strong critical & analytical thinking skills. During his training period he worked on plugin development in nopCommerce which is an opensource e-commerce solution. Not only he has worked on nopCommerce but also on REST API development for generating logos from SVG's in which he has demonstrated that not only he is capable of learning new technologies quickly but also implement them as per highest industry standards. Hence, he was hired as a Jr. Developer.

Working on this platform has given him a good grip on Microsoft .Net Framework and .Net Core, C#, LINQ, JavaScript & jQuery. Apart from the development work he has also learned Microsoft reporting tool Power BI and generated automated reports by integrating multiple data sources. He has understood nopCommerce platform and is able to create and upgrade plugins as a result he has become a nopCommerce Certified Developer. As he has a good catch on learning new technologies he has also learned and implemented containerization of web applications using docker. He is also familiar with all the steps of software development and is capable of doing requirement analysis and estimation.

I found that hiring Raj was perfect decision taken by the company and I am sure that he will be a very serious and enthusiastic student. His performance as a professional and as an excellent human being prompts me to strongly recommend Mr. Raj for admission to the master's program at your university. I wish him all the very best in his career.

Warm Regards,

Krunal Jariwala

XCELLENCE-IT SURAT
